

FUND MANAGEMENT . .

. . HAS NEVER BEEN THIS EASY!

That's why Illinois pension funds are taking advantage of our newest version of the acclaimed Pension Pilot software. Fast, simple and reliable.

Have you run the numbers?

We agree – there are several ways to manage the details of a pension fund. Outside sourcing is one of them. But are your annual fund expenses climbing every year for a service that can easily be automated? Are your fund participants getting the greatest “bang for their buck”?

So What's In The Newest Version?

Actually, we've only made a few changes – after all, it was already a solid program. For one, we updated the internal legislative articles and added instant word and phrase searches for all the applicable state code. Got a question? We've got instant answers – without leaving your desk.

But There's More – Much More..

Just click over to our website at www.2cy.org/pension or check out the features listed on the back of this flyer.

Let our team go to work for you. No monthly or annual fees – just 24 x 7 results from tools that do the job. All the following included in our newest Pension Pilot:

Tracks Participant demographic & status data
(Participants color coded by status)
Also tracks related Dependent information
Keep accessible records of Breaks In Service
Can store a complete history of salary increases
Easy views of contributions and distributions
(Shows taxable and non-taxable at a glance)
Creates benefit schedules in seconds
Includes a “What IF” benefit calculator
(See the impact of retirement date changes)
Archive (and view archived) benefit schedules

Create and save rich text memos within Pilot
Agenda wizard for memos and minutes
Trustee contact and service data tracking
Provides instant access to vendor contact info
Even has an investment allocation worksheet
(Flags categories that exceed variance factor)
Built-in code viewer for legislative articles
(Including fast word search capability)
Exports statute paragraphs directly to clipboard
Includes label and envelope printing controls
Instant printing of all of the following forms:

- ✓ Participant and Dependent data collection forms
- ✓ Application for membership
- ✓ Application for benefits
- ✓ Application for contributions or DRB
- ✓ Application for disability benefits
- ✓ Application for disability conversion
- ✓ Doctor certification form
- ✓ File maintenance checklist

There’s so much more we couldn’t cover here, like . . .
. . . one click access to the Illinois Compiled Statutes page
and the IPPFA web site; online help for Pension Pilot
users; manual and automatic data file backup and restore;
and a whole lot more.

Why wait? Take advantage of these time saving tools today.
